What is Podiatry?
Podiatry is the treatment of foot and leg problems. Podiatrists are people who are trained to look at and treat these foot problems.

What Services Does CCHS Podiatry Provide?
CCHS Podiatry offers a range of specialist services including:

- Foot care for people who are at high risk of developing foot problems
- Wound management
- Ingrown toenail surgery
- Wart treatment

We also offer a range of general podiatry services including:

- Care of unhealthy toenails and painful corns and callous
- Advice on keeping feet healthy
- Biomechanical gait assessment - for foot and/or leg pain
- Custom made orthotic insoles

An assessment is completed at your first appointment to determine your need for ongoing podiatry services. Your podiatrist can help you to find a more appropriate service for ongoing routine care (e.g. nail cutting) if you are not at risk of developing foot problems. We also encourage self-care as much as possible when it is safe to do so.

Service users are able to purchase a range of wound dressings and equipment such as Betadine, Sorbolene, Foot orthotics etc.

Find out how you can access this program on the next page
Who can come?
People over the age of 18 years who live in the City of Glen Eira, City of Stonnington, City of Port Phillip or City of Bayside (North of South Rd).

If you have any questions, call the team

How can I access the service?
Referrals can be made by yourself, your doctor or health care professional by contacting Caulfield Access.
If you are 65 or over the referral needs to be made via My Aged Care. You can contact them by phone on 1800 200 422 or myagedcare.gov.au

Do fees apply?
At CCHS, fees apply to our services. Fees are set in line with government guidelines and are based on your income. When you call us, fees will be explained and discussed with you. If you are concerned about fee affordability, please let us know.
